Awards and opportunities - a message from Director of Faculty Awards and Honorifics Tom Kealy

As many of you know, your professional societies often maintain dedicated lists of awards, fellowships and research funding opportunities. Subscribing to newsletters or bulletins from these organizations can provide regular updates.

Additionally, we have access to several platforms with robust search functions to help identify awards tailored to your research focus and career stage.

For a personalized approach, I'd be happy to assist! If you're interested in a one-on-one consultation to search for awards related to your professional organizations and other resources, feel free to [book a meeting with me](#).
