# General Coursework Evaluation Process

This guide is for all programs except LdM and USAC Specialty programs. If you participate in either program, please refer to the respective guides for important information.

➢ Navigate to the Course Approval tab below your application's picture or logo.

Please note that pre-approved courses must be requested from "Course Offerings." (see Step 1). Only use custom course requests for courses that are not pre-approved.

Step 1: Selecting Pre-approved Courses

➢ Most programs have a variety of pre-approved courses.

➢ **Pre-approved courses must be selected from "Course Offerings" and will transfer with the approved Clemson equivalent.**

➢ The approved Clemson equivalent is listed under "Equivalent Home Course."

    ○ If you prefer an alternate Clemson equivalent, you must complete a course substitution request after the credits transfer. We recommend that you contact the relevant department in advance and in writing to determine if they will likely approve a course substitution.

➢ Find pre-approved courses in the "Course Offerings" section below the instructions.

➢ Search for pre-approved courses in the search box to the far right.

Select the courses you wish to take from the list below and click "Add to Course Approval Requests" in order to submit for approval. If an available foreign course doesn't have a desired home equivalent course listed, click "Add a custom equivalent course." below the list of courses.

➢ Optional; state the specific Clemson course you hope to receive or the requirement you hope to fulfill in the "Description" box, i.e., "hoping this will transfer as ENGL 2120." Or "hoping this will fulfill my non-lit requirement."

- Enter the URL to the syllabus or upload the syllabus. **Do not omit this information;** approvers cannot evaluate courses without a syllabus!
  - Contact your third party provider or host university for assistance if you can't find a syllabus.
- **Leave the home course blank!** The approver determines the home course.
- Type the <u>name of the department at Clemson that should be reviewing your course</u> in the "Search for Department" box. **Do not leave this blank!**
  - If you hope for a specific course, use the department for this course, i.e., for ENGL 2120, use "English."
  - If you hope to fulfill a requirement like non-lit, you still need to add a department name. Use the department you think will have a Clemson equivalent, i.e., "Anthropology."
  - If you are looking for subject-specific elective credit, use the department for the subject. I.e., for PSYC 2999, use "Psychology" in the department box.
  - If you are looking for general elective credit, i.e., ELEC 0001, use "Elective" in the department box.

- Click the purple "Add to Course Approval Requests" to add the course to your course approval request form.
- If you have more than one custom course to be approved, repeat the steps above for each custom course.

Submit Courses

- ➤ **Click the purple "Submit Courses" button. Do not forget this step!** If you don't click this button, your course will not be reviewed.

- ➤ The status for pre-approved courses will change to "approved," and all other courses will change to "pending."

Step 4: Waiting for custom course request evaluations

- ➤ After submitting your courses, the academic department you specified evaluates them and determines the Clemson equivalent.

- ➤ Department response times vary greatly and depend on the volume of requests.

- ➤ Approvers may reject your request if there is no Clemson equivalent in their department, or they may assign a different Clemson equivalent. Specific requests don't get approved more often than you think!

- ➤ Once you receive the approval email, the status of your course changes from "pending" to "approved" or "rejected."

- ➤ **Check which Clemson equivalent was approved** by checking the "Home Course" in your course approval form.

- ➤ Check the up/down arrow to the far right of each course for any comments, if applicable.
